

CANOLA SEED

CS2300

CS2300 is known as the "big dog". Excellent yield potential dominates the competition. CS2300 is broadly adapted, stands strong, and has resistance to blackleg. Time to let the big dog eat!

Agronomic Profile

	CS2300	CP930RR	Star 402	DG 540G
Brand	CANTERRA SEEDS	Croplan	Star Specialty	Dyna-Gro
Herbicide Tolerance	Roundup Ready®	Roundup Ready®	Roundup Ready®	Roundup Ready®
Blackleg Resistance†	R-C	R-C	R	R
Clubroot Resistance	No	No	No	No
Flower Duration (days)	17	17	17	17
Days to Maturity	96	94	94	95
Plant Height (inches)	48	44	43	44
Oil Content (%)	47.0	49.0	49.4	45.6
Grain Yield (lb/ac)**	4028	3525	3831	3846

Data gathered from company websites and NDSU Extension Bulletin All24-19 (2019), Table 8.

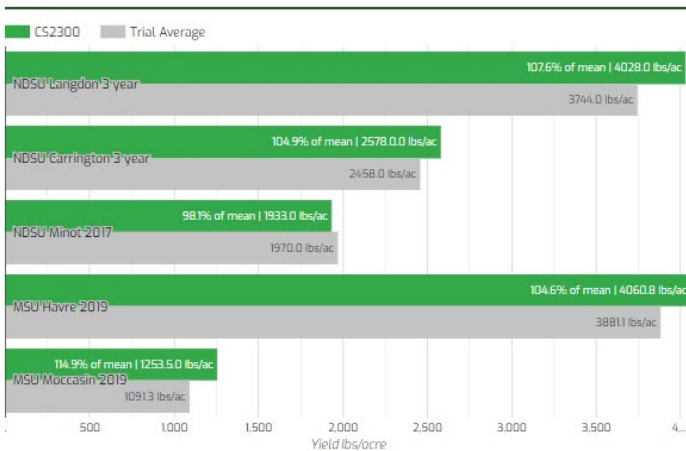

** Three-year average yield at Langdon, ND

CANTERRA SEEDS

Meridian Seeds is proud to partner with CANTERRA SEEDS to offer high-performing canola hybrids with the latest trait packages available. CANTERRA SEEDS was founded by nine Canadian seed growers and is a farmer-owned company to this day. They offer one of the broadest seed portfolios in Western Canada, cultivated through local investments in plant breeding, access to a global network of germplasm and traits, and a steadfast belief that farmers deserve the best. They have strategic partnerships around the world, and varieties tested locally across Western Canada.

DL Seeds

DL Seeds tests and develops premium canola hybrid varieties for North America.

Roundup Ready® Seed

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.

Roundup Ready®, Roundup® and TruFlex™ are trademarks of Bayer Group.

Canola seeds containing the Roundup Ready® trait can only be used to plant a single commercial crop. It is unlawful to save and replant Roundup Ready® spring canola and Roundup Ready® winter canola. Additional information and limitations on the use of these products are provided in the Technology Stewardship Agreement and the Bayer Technology Use Guide: <https://hg.bayer.com>. U.S. patents for Bayer technologies can be found at the following webpage: <http://www.monsantotechnology.com>.
