

CANOLA SEED

CS2600 CR-T

CS2600 CR-T is the newest addition to the Meridian Seeds canola lineup. CS2600 CR-T is a new TruFlex™ hybrid that is ideal for straight-cutting because of its pod shatter tolerance. It features early maturity with superior multigenic clubroot plus blackleg resistance.

Agronomic Profile

	CS2600 CR-T	CP9978TF	DKTF91SC	StarFlex
Brand	CANTERRA SEEDS	Croplan	Dekalb	Star Specialty
Herbicide Tolerance	TruFlex™	TruFlex™	TruFlex™	TruFlex™
Blackleg Resistance†	R-C	R-DG	R-C	R
Clubroot Resistance‡	2,3,5,6,8+2B, 5X	No	No	Yes
Flower Duration (days)	17	17	18	16
Days to Maturity	94	95	90	93
Plant Height (inches)	47	44	44	43
Oil Content (%)	47.2	47.0	46.4	47.5
Grain Yield (lb/ac)	4003	4060	3910	3874

Data gathered from company websites and NDSU Extension Bulletin A1124-19 (2019), Table 8.

†Number and letter combinations indicate resistance to those pathotypes used in the Canadian Clubroot Differential Set.

CANTERRA SEEDS

Meridian Seeds is proud to partner with CANTERRA SEEDS to offer high-performing canola hybrids with the latest trait packages available. CANTERRA SEEDS was founded by nine Canadian seed growers and is a farmer-owned company to this day. They offer one of the broadest seed portfolios in Western Canada, cultivated through local investments in plant breeding, access to a global network of germplasm and traits, and a steadfast belief that farmers deserve the best. They have strategic partnerships around the world, and varieties tested locally across Western Canada.

Roundup Ready® Seed

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.

Roundup Ready®, Roundup® and TruFlex™ are trademarks of Bayer Group.

Canola seeds containing the Roundup Ready® trait can only be used to plant a single commercial crop. It is unlawful to save and replant Roundup Ready® spring canola and Roundup Ready® winter canola. Additional information and limitations on the use of these products are provided in the Technology Stewardship Agreement and the Bayer Technology Use Guide: <https://hg.bayer.com>. U.S. patents for Bayer technologies can be found at the following webpage: <http://www.monsantotechnology.com>.
